*** You will notice that we have made one important change this year. On Rosh Hashanah Evening, instead of two services, we will offer one service and welcome the New Year together as One Community, a service in the Sanctuary at 7:30 pm. The music of this service will feature our Intergenerational Choir (we have wanted the energy of this choir in the sanctuary for years,) and the string trio that has led our Love Shabbat services. We believe this combination of music and community will provide the perfect start to the High Holy Days.
